

Fleet Readiness Checklist

PVG-EV - Prime Ventures Global | Generated 2026-07-17

For taxi, logistics, corporate and commercial EV fleet operators.

Capture vehicle type, parking base, operating hours, charging window and access conditions.

PVG-EV reviews each requirement for vehicle compatibility, site access and pilot availability.

Submit fleet requirements through the PVG-EV Request Mobile Charging form.

For enquiry and pilot evaluation, visit the PVG-EV website and submit your charging requirement.
